

# Create a home for your Bearded Dragon

Zoo Med's Reptihabitat Juvenile Bearded Dragon Kit includes all of the essentials needed for your Bearded Dragon's habitat. Use the guide below to assemble your pet's new home.

## ADDITIONAL ITEMS TO CONSIDER:

ReptiVite™ Reptile Vitamins

Lizard Flower Food Topper

Gourmet Bearded Dragon Food

Reptisand®

Humidity Gauge

## FREE TRIAL ITEMS:

## STEPS:

- 1 Install the ReptiTherm™ Under Tank Heater to the warm half of the outside bottom of the habitat.
- 2 Place the Eco Carpet™, which is already the perfect size, inside the habitat.
- 3 Add the Mopani Wood to create a perfect basking spot on the warm side for your bearded dragon.
- 4 Have the ReptiRock™ Food and Water Dishes in a great spot that can be easily accessed!
- 5 Set up the High Range Reptile Thermometer on the warm side of the habitat.
- 6 Screw in the Repti Basking Spot Lamp® and ReptiSun® UVB Lamp in the Dual Dome Fixture.
- 7 Place the fixture with the installed lamps on top of the screen and on the warm side.

Be sure to try the free ReptiCalcium®, Juvenile Bearded Dragon Food and the Gourmet Bearded Dragon Food!
